PROGRESS REPORT
on the implementation during 2019 of Police Development Strategy for 2016-2020

No.	Objectives and actions	Sub-actions	Deadlines for implementation	Progress indicators	Responsible institutions	Achievements
OBJECTIVE 1:						
Strengthening Police accountability, efficiency, transparency and professionalism						
1	1.1. Transparent system for staff selection and promotion, based on the competition and clear criteria for staff selection, evaluation and promotion	1.1.4. Respect for the principle of gender equality in the employment and promotion process in the Police	2016–2020	The number of women employed in Police, including in leadership positions is in a positive dynamics	Ministry of Internal Affairs (General Police Inspectorate)	427 competitions in employment were organised, attended by 843 people, including 216 women and 627 men. 766 employees have passed the hiring contest (173 women and 593 men) – 90.86%. According to statistical data, the number of women employed in the Police is 1772 (21.31%), including women on child care leave (2.38%), which prevails in dynamics according to the established progress indicator, and the number of women officers is 21.73%, including 2.85% on child care leave. In 2019, the number of women promoted to leadership positions is 102 (i.e. 10.94% of the total number of leadership positions occupied 932). At the end of 2018 were 94 (11.73%). According to the Policy Matrix, at the end of 2020, at least 15% of officers are women.
		1.1.5. Progressive increase of sub-officers' share in the Police. Revaluation of recruitment and selection, conditions and procedures for officer positions and for the positions that can be filled by them	2017–2020	Official statistics on the sub-officers share in the Police in a positive dynamics	Ministry of Internal Affairs (General Police Inspectorate)	In the 12 months of the year 2019, the dynamics of the share of the non-commissioned officers is 3.53%, the number of positions occupied by the non-commissioned officers representing 3419 (or is 38,39% of the total number of the functions in the police). At the end of the year 2018, the number of non-commissioned officers was 3221 (34,95%). According to the Policy Matrix, this figure is expected to reach 60.0% by the end of 2020, with a deficit of 25.05%. In the context of the implementation of the Vision of the inversion of the post's pyramid and the management of risks related to the objective achievement on the gradual increase of the share of the non-commissioned officers in the Police Force, the Law No. 228 as of 01.11.2018, in force as of January 7, 2019 completing the Law no.288/2016 on a public servant with a special status in the framework of the Ministry of Internal Affairs with a new article 12 ¹ "Appointment to the position in relation to the change of the

						<i>position category</i> ” what lays down the conditions for access to posts of public servants with a special status in relation to the reduction of the functions of the category of the officers, and their transfer into the category of the non-commissioned officers, with the preservation of all the rights and guarantees, including salary, previously earned.
2.	1.2. The development process of initial and continuous training of police officers	1.2.3. 		1.6.4. Reorganization of operational support structures within the General Police Inspectorate	Semester II, 2016	Operational supporting structures reorganized	Ministry of Internal Affairs (General Police Inspectorate)	<p>On November 12, 2019 the Government Decision No. 547 on the organization and operation of the General Police Inspectorate was approved</p> <p>By this document were approved:</p> <ol style="list-style-type: none"> 1) Regulation on the organization and operation of the General Police Inspectorate; 2) Structure of the General Police Inspectorate; 3) List of territorial subdivisions of the police subordinated to the General Police Inspectorate; 2) Organizational Chart of the General Police Inspectorate; <p>It was also established the limit number of employee of the General Inspectorate of Police and its specialized and territorial subdivisions in the number of 9156 units, including the central administrative body 220 units, of which 214 units for civil servants with special status and 6 units for civil</p>

					servants. At the same time, during the reference period, to this compartment, were created: 1) East Division within the NII. 2) Detention and escort services within territorial subdivisions operating according to the regional principle, by merging the Provisional Detention Isolator and the Escort Service within the Operational Management Department. 4) Standardization of the structure of the regional dispatching North, Center, South and Chisinau;
	1.6.5. Regionalization of certain Police structures in order to provide operational and administrative support to the police inspectorates	2016–2017	Training Center created and made operational	Ministry of Internal Affairs (General Police Inspectorate)	<p>The regionalization of the territorial subdivisions of the GPI will be reviewed once the Personnel States are approved according to the Government Decision No. 547 of 12.11.2019 on the organization and operation of the General Police Inspectorate. Alternatively, we notify that for the creation of regional Divisions, in the classical sense, to ensure the Coordination of police units in the region, it is necessary to amend art. 15 of Law no. 320 of 27.12.2012 on the Police activity and Police Officer Status.</p> <p>By the GD no. 980 as of 10.10.2018, the rooms and the related territory located in Balti municipality 15, Moscova Street, were transmitted from the administration of the General Prosecutor's Office of the Republic of Moldova to the administration of the MIA (GPI) for the Regional Investigation Unit "North". At the end of the month of June, 2019, was received the Expert Report on the technical condition assessment of frameworks, construction elements and the possibility of repair works and interior replanning of the building, which is an integral part of the technical project of implementation.</p> <p>On March 22, 2019, by decision of the Cahul City Council no. 2/11 (38/11)-XXV, was conveyed to the Regional Investigations Unit "South" the rooms with a total area of 163,4 sq. m (ground floor rooms with an area of 131,4 sq. m. and basement rooms with an area of 32,0 sq. m) from the premises located on the address Cahul municipality. On the basis of the pre-recorded decision, on 03.05.2019, between the city hall of Cahul municipality and GPI of MIA, the contract no. 2 for convenience and provision of communal services was signed. The Regional Investigation Unit "South" is to be technically equipped according to the equipments reports to be received. Therefore, in the first quarter of 2020, it will be fully operational.</p> <p>Under the Government's Plan, the action on the creation of the INSP</p>

						through the merger of DGSP and NPI is transferred for 2020, January.
		1.6.6. Periodical adjustment of Police structures in relation to the development of European standards and trends of crime phenomenon	2016-2019	Analytical reports on crime phenomenon developed Periodically adjusted structure	Ministry of Internal Affairs (General Police Inspectorate)	<p>At the moment "RoyalMap" SRL finalizes the consolidated analytical product on threats to public order and security. This cartodiagram-shaped product will include data on the period, number, place and status of threats, including vulnerable areas, on the general and territorial profile of 2 applications - SIA "Threat Map" and SIA "Road Events", recently integrated into the system.</p> <p>***</p> <p>Report on cases of threats recorded through the "Threat Map" application in the Ist Semester of 2019.</p> <p>Report on threats recorded through the "Threat Map" application in the third quarter of 2019</p> <p>Report on the state of crime against the life and health of the person, committed in the sphere of family relations during 3,6 and 9 months 2019</p> <p>Analytical report on the state of crime on the territory of the Republic of Moldova during the first Semester of 2019</p> <p>Periodic analytical reports drawn up in 2019</p> <ul style="list-style-type: none"> - 125 Operational Review Reports on criminal cases managed by NII, DGUP, Prosecutor's Office employees; - 70 tactical analysis reports: analysis of crime status for 2019, analysis of crimes committed by minors, analysis on crime accompanied by violence, quality assessment of data entered in the BCD of ITS, road accidents
	1.7. Strengthening Police capacities to participate in international missions and operations for the management of crisis situations	1.7.1. Development of the regulatory departmental framework of Police participation in international missions and operations for the management of crisis situations	2017-2020	Regulatory department framework developed and approved	Ministry of Internal Affairs	<p>In accordance with the Government Decision No. 332 of 18.07.2019 on the organization and operation of the General Carabineers Inspectorate, within the central apparatus was created the Directorate of Cooperation and International Missions. The negotiation process with the Romanian side on the organization and conduct of the second course in the field of international missions continues.</p> <p>At the same time, in the context of the EU grant in the amount of 2 mln. Euros, which will be managed by the Arma Dei Carabinieri of Italy, have been identified topics related to international missions to be foreseen within the project financed by the European Commission for Carabineer Reform, for the period 2020-2021.</p> <p>In order to carry out the MIA Order no. 43 as of February 16, 2018, on the approval of the Regulation on the recruitment, selection, training, appointment, and participation of MIA staff to the international mission, by the effective of the Division newly created, it is planned to develop GCI Regulations on the participation of the police in international missions, as</p>

						well as providing further training for them.
		1.7.3. Development and approval of the curriculum training of selected staff for participation in the international missions	2016–2017	Curriculum approved Trainings organized and conducted	Ministry of Internal Affairs (Academy "Stefan The Great" of the Ministry of Internal Affairs)	The employees of MIA attended the following courses in the field of reference - CSDP course 25-29 November, Turin, Italy-Security Sector Reform, including module on participation in international missions - 2 persons; - training course in law enforcement and international missions for capacity building "LET4CAP", 17-23 February 2019, in Vicenza, Italy - 2 persons; - training course Conflict Analysis in the field of Common Security and Defence Policy (CSDP)", March 31-April 05, 2019, Yerevan, Republic of Armenia - 1 person.
OBJECTIVE 2:						
Fair, effective and effective application of legislation based on human rights in the Police activity						
8.	2.1. Eliminating all forms of ill-treatment, abuse and discrimination in the Police activity	2.1.1. Creating conditions for the conduct of proceedings within the criminal investigation in accordance with legal provisions	2017–2020	Created conditions	Ministry of Internal Affairs (General Police Inspectorate)	In the context of the process of capital modernisation started to the Telenesti PI, on 28.05.2019, the Work Group on public procurement has accepted the request for the allocation of the necessary financial resources for the upgrading and fitting-out, according to the minimum standards, 7 rooms of the 100 set out in the Policy Matrix: 3-cells of transit, 1 room for recognition of the suspected person in the course of the criminal proceedings, 1 room for hearings and meetings, under the conditions of confidentiality between the suspect/ accused with the defence counsel. On 30.06.2019 based on the Order of PGI no.193 as of 30.05.2019, the activity of PDI of Telenesti PI was stopped, in order to carry out the capital repair for a specified period. In the context of the capital modernization processes started at Telenesti PI, through the electronic procurement system was launched the procedure for contracting the repair works of the rooms needed to be used in the criminal proceedings. Another 93 spaces within the Territorial Units of the Police will be renovated by the end of 2020.
		2.1.2. Improving the conditions in places of pre-trial detention of the Police in accordance with EU standards	2017–2020	Assessment Report drafted Improved conditions	Ministry of Internal Affairs (General Police Inspectorate)	Institutional reports were developed, jointly with the Foundation Soros-Moldova and the Institute for Human Rights of Moldova, on the conditions of detention, through which several solutions were proposed to improve the conditions of detention, as well as to adjust the algorithm of operation of PDI. Also approved: - Standard Operating Procedure regarding the right to an interpreter or translator during detention, guard, escort and transportation of persons detained/held in custody . - Standard Operating Procedures regarding the mechanism of providing

					<p>medical assistance to persons held in custody and in provisional detention, which describes the manner and the conditions for providing medical assistance to persons detained and placed in the custody of the Police, in order to ensure respect for the fundamental right to health care, as well as a list of the drugs required in the medical station of the PDI.</p> <p>10 PDI were put into operation after renovation: within Hancesti PI; Orhei PI; Cimislia PI; Ungheni PI; Causeni PI; Edinet PI, Sîngerei PI, Riscani PI and Cahul PI.</p> <p>The Insulators comply with the minimum binding Rules for the detention facilities within the Police, being equipped as follows: video monitoring system, communication with a cell (such as intercom), broadcasting, lighting, fire security, elements of guidance for the observance of the religious beliefs, and any other terms and conditions which ensure the observance of the rights, security and the safety of the persons held in police custody.</p> <p>Were transmitted free of charge-44 portable high-performance metal detectors: PD of Chisinau municipality -8 Cahul IP- 3; Causeni IP - 3; Cimislia IP- 2; Edinet IP - 2; Hincesti IP - 3; Orhei IP - 2; Riscani IP - 2; Sîngerei IP- 2; Ungheni IP - 3; Anenii Noi IP- 2; Comrat IP - 3; Straseni IP- 1; Falesti IP- 2; Sorooca IP - 2; Rezina IP- 1; Balti IP- 3; Briceni IP- 1; Criuleni IP- 2.</p> <p>For the efficient management of detention cases, the preparation of files, for detainees, until the implementation of the computer solution for managing the cases of detained persons, multifunctional printers for 11 PDIs were purchased at the end of 2018 and were distributed in 2019.</p>
	2.1.3. Improvement of transportation conditions of persons detained / arrested during criminal investigation	2018-2020	Transport units and necessary equipment purchased	Ministry of Internal Affairs (General Police Inspectorate)	<p>It was completed the process started from previous years, of purchasing and re-equipment, according to the approved norms, of 25 transport units for transporting detainees.</p> <p>These special vehicles were transmitted to the Police Territorial Units during 2 festive events as of 12.02.2018 and 15.01.2019.</p> <p>All vehicles are equipped with systems for video monitoring, air-conditioning, ventilation, artificial lighting adapted to the surface of the rear speaker, seat belts, etc., in order to ensure the observance of the safeguards for persons deprived of their liberty in the process of transportation.</p> <p>By renewing the truck park, the conditions for transporting detainees were substantially improved, ensuring their security and safety, as well as improved working conditions for Police officers involved in escort missions.</p> <p>In the context of the implementation of the GPS monitoring platform of the MIA, intended exclusively for the car fleet of MIA subdivisions,</p>

					<p>monitoring equipment, GPS Tracker, were installed at all police vehicles.</p> <p>In this context, the existing solution allows the dispatchers to monitor, in real regime, the location and direction of travel of the vehicles.</p>
	2.1.4. Ensuring compliance with international human rights standards in conducting retention and other operational measures	2017–2020	The number of complaints on the actions of abuse by policemen decreased by 20% by the year 2020	Ministry of Internal Affairs (General Police Inspectorate)	<p>16 criminal cases of torture, inhuman or degrading treatment (2018-33) and 19 criminal cases for abuse of power or abuse of service (2018-14) were started during the year 2019.</p> <p>During 2018 on the basis of art.166/1 of the Criminal Code, the courts of first instance have been handed down 17 judgments against 25 persons, including the following: convictions – 8 against 12 persons (including 7 police officers): - prison - 3 sentences in respect of the 6 persons (2 of which are police officers), suspended term of detention - 3 sentences against 4 persons (all police officers), fine – 2 sentences against 2 persons (a police officer and a teacher), termination sentences-4 against 5 persons (all police officers): acquittal sentences – 5 against 8 persons (all police officers).</p> <p>Statistical analysis, with disaggregated data, for 2019 will be available after the completion of the report of the specialized subdivision within the General Prosecutor's Office.</p>
	2.1.5. Establishing a partnership between the General Police Inspectorate and representatives of civil society to monitor and evaluate cases of illtreatment, abuse and discrimination in the Police activity	2016–2018	Partnership established The number of evaluation reports prepared and published	Ministry of Internal Affairs (General Police Inspectorate)	<p>In order to implement the Joint Action Plan on the implementation of the project "procedural guarantees at the prejudicial stage of the criminal process", (according to the cooperation Agreement signed between MIA, GPI and Foundation Soros -Moldova as of 24.03.2016), as well as to ensure the observance of the rights and freedoms of the person held in Police Custody and to exclude possible illegalities from the part of people with positions of responsibility in the Police, the GPI Order No. 47 as of 06.02.2019, on the conduct of activities within the General Police Inspectorate, to improve the observance of the rights and guarantees of persons held in Police custody, under which was implemented the Letter of Rights, which will be handed to the person held and / or detained in police custody by representatives of the finding bodies and criminal investigation subdivisions of the GPI.</p> <p>At the same time, based on the GPI Order no. 226 as of 27.06.2019 "On the conduct of certain activities within the GPI to improve the observance of the rights and guarantees of persons detained and held in police custody "were transmitted free of charge information panels on the" Torture Prevention", to subdivisions subordinated to the GPI (30 panels).</p> <p>On the basis of the Partnership Agreement signed between GPI and the MIHR, the representatives of the Detention and Escorting Department and the representatives of the Institute for Human Rights have been conducted 7 monitoring visits to the PDI as follows: the PDI of Drochia, Soroca, Edinet,</p>

					<p>Singerei, Riscani, Chisinau, Rezina, Soldanesti, Causeni, Hincesti, Ungheni, the objections and recommendations being submitted to the GPI and subordinated subdivisions, by means of the monitoring reports drawn up in this regard.</p> <p>In the context of the promotion of the good deeds that cause changes in people's lives, no matter where they are located, on the initiative of the employees of the Detention and Escort Department, in agreement with MIHR and with the support of the Pastor of the Church of Ghidighici, the priest Maxian Melinti, it has been held on 25.04.2019 the above-mentioned Campaign in the support of persons held in Police custody, where each person held in Police custody, detainee or remanded in custody, placed in pre-trial Provisional Detention Isolators within the territorial subdivisions of the PGI have received a basket with traditional products.</p> <p>At the same time, in order to assess the organization of service activities within the Provisional Detention Isolators managed by the General Police Inspectorate, the verification of the process of service execution by employees trained in guarding, supervising and escort of detained and arrested persons held in the Provisional Detention Isolators, as well as to assess the theoretical and practical skills of safely performing functional duties 9 Subpart. 11) of the regulation on the organization and functioning of the Ministry of Internal Affairs, approved by Government Decision No. 69312017, was issued the Order of MIA no. 333 as of 04.06.2019.,,On the evaluation of the organization and execution of the service activity within the Provisional Detention Isolators managed by the General Police Inspectorate”, between 06 - 11.06.2019, in agreement with the employees of SDOI and SPIA a MIA.</p> <p>On 02.09.2019 the Partnership Agreement no. 2056 was signed between the SPJ of GPI and IHRM, for the collaboration on the basis of mutual benefit, the social interests and the observance of the Human Rights of persons held in Police custody at the stage of judicial interaction through the activities that would provide institutional support for the proposed and agreed activities.</p> <p>In the context of the Partnership Agreement between the GPI and the IHRM of 06 October 2016, and thanks to the financial support provided by the Swedish Agency for International Development and Cooperation (Sida), as well as to strengthen in this respect the joint efforts to overcome the causes and conditions that generate torture and ill-treatment situations in the PDIs, focused in particular on the concerned cases and the rights of persons held in police custody, between 29-30 November 2018; 03-04 April 2019; 23-27 May 2019, the IHRM has organised 3 seminars on the subject "Ability of the capacity of the Police staff in view to prevent torture and reduce ill-treatment, abuse, and</p>
--	--	--	--	--	--

					<p>discrimination against persons held in police custody ”, where 75 employees of the GPI subdivisions were trained.</p> <p>Based on the GPI Provision no. 562 as of 04.11.2019, was conducted training course on "Legal protection of human rights", organized within the DDPM of the Academy «Stefan cel Mare”, between 11.11.2019-13.11.2019, with the participation of 21 police employees.</p> <p>On 04.11.2019, the SPJ received a request if there are complaints about the number of breaches of fundamental legal guarantees allowed by the police to detainees, whether they have applied disciplinary sanctions, if there are any reports on the observance of international standards in the field of human rights, as well as whether they have implemented any of the recommendations.</p> <p>Implementation of recommendations:</p> <ul style="list-style-type: none"> - The request of the Office of the Ombudsman to Stefan Voda PI of GPI on 06.08.2019 on the implementation of recommendations to improve the behavior towards persons deprived of liberty, improve the conditions of detention and prevention of torture (detention for a term exceeding 72 hours), following the monitoring visit by the members of the Prevention of Torture Department on 25.07.2019. The recommendations submitted were partially implemented due to the non-compliance of identity data of the detainee or because of their lack; - The request of the Office of the Ombudsman to Nisporeni PI of GPI on 07.06.2019, requesting the implementation of the recommendations made on the activity of the Provisional Detention Isolator of Nisporeni PI subordinated to GPI, invoking the need to stop the activity in urgent terms, following the preventive visit of the members of the Council for the Prevention of Torture on 20.03.2019. The recommendations submitted were partially implemented due to the location of the Provisional Detention Isolator of Nisporeni PI at the basement of the building and due to the non-allocation of financial means for renovation. Subsequently, with the regionalization of the SDE within the territorial subdivisions of the GPI, the activity of the Provisional Detention Isolator of Nisporeni PI will be stopped, and the persons detained in the criminal and/or contravention process will be placed in the Provisional Detention Isolator of Ungheni PI. - The request of the Office of the Ombudsman towards GPI on 01.03.2019 and 01.04.2019, requesting the implementation of the recommendations made on the activity of the Provisional Detention Isolator of Calarasi PI subordinated to GPI, following the preventive visit of the members of the Council for the Torture Prevention on 20.03.2019. The recommendations submitted were partially implemented and the rest could not be achieved due to the location of
--	--	--	--	--	---

						<p>the Provisional Detention Isolator of Calarasi PI in the basement of the building, which leads to unfavorable conditions of detention (increased humidity). Subsequently, with the regionalization of the SDE within the territorial subdivisions of the GPI, the activity of the Provisional Detention Isolator of Calarasi PI will be stopped, and the persons detained in the criminal and/or contravention process will be placed in the Provisional Detention Isolator of Chisinau municipality.</p> <p>- The request of the Office of the Ombudsman to GPI on 22.01.2019, requesting the implementation of the recommendations made on the activity of the Provisional Detention Isolator of Bender PI subordinated to GPI, following the preventive visit of the members of the Council for the Torture Prevention on 25.10.2019. The recommendations were implemented by issuing the Order of GPI no.84 as of 22.02.2019 on the cessation of the activity of the Provisional Detention Isolator of Bender Police Inspectorate.</p>
OBJECTIVE 3: Strengthening capacities in combating organized crime, human trafficking, cybercrime, violence, including gender-motivated crime, drugs and arms smuggling, counterfeiting and money laundering						
10.	3.1. Developing the capacities of structures responsible for combating organized and cross-border crime	3.1.1. OBJECTIVE 4: Creating a modern police service, in accordance with the European Union and international best standards and practices, able to respond in a proactive manner both to the needs of citizens and society as a whole						
12	4.1. Implementing the Concept of community policing in the General Police Inspectorate structures	4.1.1. Development and approval of the Concept of community policing	2016–2020	Concept developed and approved	Ministry of Internal Affairs (General Police Inspectorate)	The concept of the information Campaign for the general public "Community policing" and the Calendar of the Campaign were developed and approved by the Order of the Head of the PGI no.326 of 06 September 2019. On the basis of the organizational documents, being made available to the Police subdivisions the documentary film about the community policing, the presentation about the "Community policing", the model of information

	4.1.2. Development of the action plan on implementing the Concept of community policing	2017–2020	Plan developed and approved	Ministry of Internal Affairs (General Police Inspectorate)	<p>leaflet, the 42 police inspectorates were started the citizen information activities.</p> <p>According to the information from the reports presented by the 42 territorial subdivisions of the police, the information activities concerned 754 localities, where 342 events were held for viewing the documentary film about the community policing, with the participation of 12237 citizens, 933 meetings were held with the citizens in which 22491 citizens were familiar with the community policing. 174 events were organized "Take a coffee with a policeman" on the topic of community policing, with the participation of 4612 citizens.</p> <p>The leaders and employees of the territorial subdivisions of the Police, during the reporting period came out with messages about the community policing in local media sources, where they exist, being represented in 27 public broadcasts.</p> <p>Through the official pages of the territorial subdivisions of the Police on social networks, 129 communiqués about the community policing were published.</p> <p>In 13 Police Inspectorates (Ciocana, Vulcanesti, Balti, Nisporeni, Ocnita, Orhei, Sîngerei, Soroca, Stefan Voda, Taraclia, Leova and Ungheni) were developed information materials in the form of leaflets about the community policing, indicating the contact details of the sector officers serving the district communities. 6199 leaflets were printed and 5344 leaflets were distributed to citizens. The police inspectorates concluded 8 cooperation agreements with territorial nongovernmental organizations: Ciocana-1, Anenii Noi-2 and Nisporeni-4, with which they achieved the objectives of the information campaign within 16 joint activities. The Balti police inspectorate shared with the non-governmental territorial organization (Human Rights Association Lex 21) made an informative video spot about the community policing, being directly protagonists of the filming. With their own forces, the Police Inspectorates Leova and Orhei made videos, which were posted on the pages of subdivisions on social networks.</p>
	4.1.4. Strengthening communication capacities of district police officers	2017–2020	Trainings conducted	Ministry of Internal Affairs (General Police Inspectorate)	<p>During 2019, 99 Heads of Police Inspectorates were trained, 93 employees of pilot Police sectors, including 8 trainers in the Swedish Police Reform Support Program and 29 employees on the platform of the Police Academy "Stefan cel Mare".</p> <p>In the previous year on the component of community policing, over 1200 employees of Police Stations and all employees of Pilot Police Stations in number of 103 employees benefited from information training sessions.</p>

					<p>The Curriculum in the area of community policing was approved by the order of the head of the PGI no.289 as of 17.08.2019 "On the approval of the curriculum in the field of "Community policing"", and by order of the head of the IGP no.314 of 28.08.2019 "On the organization and conduct of professional training in the field of community policing, it was established team of trainers and set tasks for training 200 policemen.</p> <p>By the Order of PGI no.582 as of 11.11.2019 on the organisation and carrying out of the process of professional training in the field of community policing at the local offices of the Police, the national trainers have started the process of training for a duration of 2 days (320 minutes), of 185 employees in 8 groups.</p> <p>In addition to basic groups, one of the National Trainers trained 2 groups within the Integrated Law Enforcement Training Center (ILETC) in the number of 55 employees.</p> <p>Upon completion of the training, the 240 employees was tested and the results of the training were recorded in the Informative note no.2954 as of 06.12.2019</p> <p>In summary, during 2019 they were trained in the field of community policing :</p> <ol style="list-style-type: none"> 1) MIA Academy " Stefan cel Mare" - 29 police officers. 2) in the Swedish police Project: <ul style="list-style-type: none"> -8 National Trainers; -99 managers of Police Inspectorates; -93 employees of the police stations. 3) by national trainers according to the curriculum "Community policing" - 240 employees of the police stations
	4.1.5. Development of Infrastructure of police stations and police inspectorates headquarters according to the standards in the field	2017–2020	Modernized infrastructure, according to the standard model	Ministry of Internal Affairs (General Police Inspectorate)	<p>In order to achieve the objective of improving the infrastructure of Police Stations in early 2019, the Procurement and Logistics Service received the proposal by the Police Inspectorates and were contracted 6 design services for the repair of Police stations. In total 63 Police sectors are projected (remaining 27 premises).</p> <p>Since the beginning of the year, 14 police stations have made the official opening, at 3 will be carried out arrangement and ensuring functionality.</p> <p>Since the beginning of the year, there were carried out 7 public tender for the renovation of the police stations (18.02.2019, 24.05.2019, 08.07.2019, 25.07.2019, 06.09.2019, 16.09.2019, 23.09.2019), 4 of them have been repeated.</p> <p>In total, in 2019 the procedures concerned 37 police stations (12 functional,</p>

					<p>5 completed, 20 repaired, 1 cancelled due to lack of offers).</p> <p>The analysis of the situation regarding the implementation of infrastructure improvement of 90 police stations, identified the risk of insufficient financial resources to successfully achieve the planned indicator.</p> <p>During the examination of the approaches concerned at the meeting of 02.09.2019 at the Ministry of Finance, with the participation of representatives of the EU Delegation to Moldova, it was decided to postpone the deadline for the achievement of the indicator of 90 police stations for the end of 2021, for which the corresponding letter was drawn up, the extension to be decided by the EU Delegation to Moldova</p> <p>The situation concerned was also addressed within the Steering Committee of 31.10.2019, reiterating the need to submit the steps in compliance with the established procedures.</p> <p>Overall, the basic risks for the project are those related to the police stations infrastructure:</p> <ul style="list-style-type: none"> - lack of police stations infrastructure; - insufficient involvement of managers in Police Inspectorates in order to achieve the objective; - insufficient financial resources (high cost of services, outdated infrastructure of premises); - delay in the execution of repair works by contractors; -existence of gaps in technical execution projects and estimates, which lead to the need for financial coverage of unpredictable works. - insufficient capacity to perform service tasks by specialized departments within the Procurement and Logistics Service. <p>The considerable risk is also the insufficient involvement of the beneficiary subdivisions in achieving the objectives of Project A. 4. 1:</p> <ul style="list-style-type: none"> - insufficient coordination and monitoring by the responsible established by the Work Plan of the GPI for 2019 (OIGP no.35/2019) and the administrative acts implementing the implementation of the actions of the Plan.
	4.1.7. Organization of prevention activity, according to crime risks and trends	2017–2020	Preventative measures undertaken Risk analysis reports drawn	Ministry of Internal Affairs (General Police Inspectorate)	<p>15 campaigns and information, awareness raising activities at national level and 21 campaigns at territorial PI level were organised and carried out.</p> <p>By order of GPI no.326 of 06.09.2019 on public promotion of community policing, the Territorial Police Inspectorates received the task of carrying out the actions for the Information Campaign.</p> <p>According to the information from the reports presented by the 42 territorial subdivisions of the Police, the information activities concerned 754 localities, where 342 events were held for viewing the documentary film about the</p>

					<p>community policing, with the participation of 12237 citizens, 933 meetings were held with the citizens in which 22491 citizens were familiar with the community policing. 174 events were organized "Take a coffee with a policeman" on the topic of community policing, with the participation of 4612 citizens.</p> <p>The leaders and employees of the territorial subdivisions of the Police, during the reporting period came out with messages about the community policing in local media sources, where they exist, being represented in 27 public broadcasts.</p> <p>Through the official pages of the territorial subdivisions of the Police on social networks, 129 communiqués about the community policing were published.</p> <p>In 13 Police Inspectorates (Ciocana, Vulcanesti, Balti, Nisporeni, Ocnita, Orhei, Sîngerei, Soroaca, Stefan Voda, Taraclia, Leova and Ungheni) were developed information materials in the form of leaflets about the community policing, indicating the contact details of the sector officers serving the district communities. Thus, 6199 leaflets were printed and 5344 leaflets were distributed to citizens. The police inspectorates concluded 8 cooperation agreements with territorial nongovernmental organizations: Ciocana-1, Anenii Noi-2 and Nisporeni-4, with which they achieved the objectives of the information campaign within 16 joint activities.</p> <p>The Balti police inspectorate shared with the non-governmental territorial organization (Human Rights Association Lex 21) made an informative video spot about the community policing, being directly protagonists of the filming. With their own forces, the Police Inspectorates Leova and Orhei made videos, which were posted on the pages of subdivisions on social networks.</p>	
13	4.2. Development of the Concept of Intelligence-led policing and its expansion throughout the country	4.2.3. Reorganization of information analysis structures	2017	Information Analysis Center reorganized as the central unit under the General Police Inspectorate Regional structures created and made operational	Ministry of Internal Affairs (General Police Inspectorate)	<p>Recently, by GD no. 547 as of 12.11.2019 on the organization and functioning of the General Police Inspectorate, have been approved the GPI Structure, the Regulation on the organization and functioning of the GPI, List of the territorial units of the Police subordinate to the GPI and the organizational structure of the GPI. The purpose of the promotion of the new project was to create a comprehensive framework to regulate, in a new formula, the organization and functioning, the structure and limit number of employees of General Police Inspectorate, so that it is accessible and effective, contributing ultimately to the proper achievement of the mission and tasks charged.</p> <p>Through this act, new structures were created at the level of the Central Police Administration and Control Unit: Strategic Management Department, Project</p>

					Management Department, Document Management Department, Corruption Prevention Department, Communication and Protocol Department, Statistics and Records Department, as well as Information Analysis Department.
	4.2.4. Strengthening of risk analysis capabilities	2017–2018	Specialized structure established and made operational	Ministry of Internal Affairs (General Police Inspectorate)	This Action is to be carried out with the approval of the member of the Police staff, and the creation of a new organisational structure provided for by the Decision of the Government with regard to the entry into force of the Regulation on Organization and Operation of the GPI and the limit number of employees.
	4.2.5. Improvement of operational analysis capacities and tactics	2019–2020	Trainings organized and conducted Specialized equipment purchased and dedicated information applications implemented Standard operating procedures established for data collection	Ministry of Internal Affairs (General Police Inspectorate)	<p>Training in risk , operational and tactical analysis:</p> <ul style="list-style-type: none"> - 11.03-12.03.2019- Training course "Management of police subdivisions", organized at the Academy " Stefan cel Mare" of the MIA. According to the training plan, 20 employees from the operational management services received training in: "Strategic and Operational Planning. Risk, operational and tactical analysis." - 2 trainings attended by 30 employees, on the subject "Analysis of information. Evolution and actuality. Necessity and efficiency of the implementation of this field in activity" - 1 training attended by 50 employees, on the subject "Analysis of information. Evolution and actuality. Necessity and efficiency of the implementation of this field in activity" - training course "Risk Management Systems in the field of Public Order", organized between 16.09.2019-20.09.2019, attended by 9 employees from the NII subdivisions and BPDs," Fulger" of GPI. <p>During 2019 there were organized and conducted 6 training courses of investigative officers in which 117 employees were trained.</p> <p>During the course of 21.01.19 - 25.01.19, additionally 10 Investigation officers from the IGPF were trained, and at the course of 29.07.19 - 02.08.19 - 2 lecturers from the Academy "Stefan cel Mare" were trained.</p>
	4.2.8. Procurement of equipment and special technique	2017–2019	Equipment and special technique purchased	Ministry of Internal Affairs (General Police Inspectorate)	During November 2019, 90 phones (smartphones) and 20 powerbanks were delivered in order to carry out qualitative investigations.
	4.2.9. Implementation of Police voice-data communication network	2019–2020	Network created and made operational	Ministry of Internal Affairs	-Under the additional contract to the contract no. 273AP as of 06.12.2017, all equipment expected for 2019 plus equipment expected for 2020 were delivered

					(General Police Inspectorate)	<ul style="list-style-type: none"> -Detailed site Design in the candidate locations nominated for the installation of base stations and radio links; -Technical expertise of 22 candidate locations for 2019; -Collocation contracts and additional agreements to existing contracts with National Telecommunications Operators for the installation of TETRA equipment ; -Obtaining the necessary authorisations for base station installations and radio connections; -Testing and rectification of all TETRA system errors after installation and commissioning of SwMI equipment in full configuration with 2 georedundant zones in the MSO-A and MSO-B location; -Upgrading 36 base stations owned by IGPF by switching from E1 to Ethernet; -16 TETRA base stations and 14 radio links have been installed, configured and operated
		4.2.10. Development of Police Integrated Computer System	2017–2020	Developed system	Ministry of Internal Affairs (General Police Inspectorate)	<p>In 2017, with the support of UNDP, within the project "Support for police reform", the design of LAN networks for 44 territorial subdivisions of the police was carried out. Given the capital construction work carried out at the Criuleni and Telenesti police inspectorates, in 2018, 2 of the 44 LAN execution projects received were implemented. In order to ensure adequate infrastructure in all Police units, for 2020, through financing project, it is planned to implement at least 9 projects in the police inspectorates located in the area bordering the Dniester River.</p> <p>In order to ensure a secure access to information with the application of advanced encryption mechanisms for the protection of information, during 2019 it was possible to connect 106 objectives located at the GPI records or subordinated units to the WAN system of MIA. This will allow the interconnection of LAN networks and ensure a secure flow of information, in particular in the process of database interpellation.</p>
14	4.3. Strengthening the Police patrolling, reaction and intervention capacities to the calls from citizens	4.3.1. Reorganization of the National Patrol Inspectorate by decentralizing patrolling structures	Semester II, 2016 Semester I, 2017	National Patrol Inspectorate of General Police Inspectorate, reorganized Competencies transmitted to territorial police subdivisions	Ministry of Internal Affairs (General Police Inspectorate)	<p>By the Order of MIA no. 821 as of 27.12.19, the list of specialized subdivisions of the General Police Inspectorate was approved. Through this document was created, including the National Public Security Inspectorate as a subdivision with general territorial competence of the General Police Inspectorate which has legal personality. The organizational and functional Regulations, their number limit, will be submitted for approval for one month after the issuance of the order.</p>

		4.3.2. Development of the integrated management system to emergency calls relating to the Police competence	2017–2018	Intervention concept developed and approved Dedicated operational information systems 15 min the average Police response time	Ministry of Internal Affairs (General Police Inspectorate)	<p>During this year it was carried out:</p> <ul style="list-style-type: none"> - successful piloting of the emergency call management system in Chisinau municipality and Balti municipality. In rural areas piloting was carried out in the southern part of the country, on the territory of 3 districts of ATU Gagauzia. The piloting has achieved some success and is currently expanding throughout the country; - training of 56% of dispatchers, responsible for the management of emergency calls. 2 trainers in process of training - centralised and single deployment of intervention forces; - undertaken actions to unify and standardize processes; - create joint intervention teams within the local police and employees of the NPI, according to the plan of the Head of Police Department of ATU Gagauzia; - operationalized TETRA system on the territory of the country, being purchased 303 stations and equipped almost all districts that have TETRA coverage of cars. It is in the process of purchasing 270 more stations, in order to equip the next year all districts and intervention teams. Where there is coverage, dispatchers manage calls 100% through the TETRA system; - 880 GPS monitoring equipment were purchased and installed on police cars, the systems are to be adjusted in order to be able to transmit accurate and optimal information in the information system 112 and to develop intervention applications.
		4.3.3. Improving communication skills of the staff involved in the integrated management of emergency calls	2017–2020	Trainings organized and conducted	Ministry of Internal Affairs (General Police Inspectorate)	<ol style="list-style-type: none"> 1) During the period 18.03-22.03.2019, it was carried out the training course "Intervention of Police Employees to calls or complaints about acts of violence", organized by the Academy "Stefan cel Mare" 2) Training course entitled "Management of public services" (f1) 3) Training / specialization course on the subject "Management of police subdivisions" (20: f4-b16) 4) Training/specialization course entitled "Operational management" (30: f2-b28) 5) Training course entitled "Document and archive management systems", organized between 16.09.2019-20.09.2019, attended by 18 female employees 89 employees were trained (10- women, 79-men)
OBJECTIVE 5:						
Promoting and implementing the principle of zero tolerance for corruption, discrimination and ill-treatment in the Police activity						
15.	5.1. Promoting and	5.1.2. Intensification of prevention of corruptive	2017–2020	Prevention campaign	Ministry of Internal	2 information and awareness campaigns launched and carried out, namely:

<p>implementing the principle of zero tolerance for corruption in the Police activity</p>	<p>behavior of police officers, especially in vulnerable areas</p>		<p>conducted</p>	<p>Affairs</p>	<p>The campaign "We don't accept the corruption in Police", which had a preventive and awareness nature for both police and citizens on the risk they face when offering or accepting bribes.</p> <p>In order to facilitate communication with citizens as well as to inform them about the planned and carried out activities, a Facebook page was created entitled # WE_DON'T_ACCEPT_CORRUPTION_IN_POLICE, managed by the anticorruption Department.</p> <p>Two TV programs were attended in which were discussed topics such as the fight against corruption, denunciations by police employees on the attempt by people to corrupt them, the reasons for these attempts and the risks and punishments to which citizens are subjected when proposing bribes.</p> <p>Also, both a video and an audio spot, with a message in Romanian and Russian, addressed to citizens and police employees, being urged not to offer or accept bribes, as well as to report these cases to the competent authorities.</p> <p>The audio spot was broadcast through 7 radio stations and the video spot was broadcast through several TV stations.</p> <p>Information messages with campaign logotype were placed on led panels in Chisinau municipality.</p> <p>The same was held during the campaign a contest for students, on the subject I choosing an upstanding future.</p> <p>Together with the team of the Police Reform Support Project, 56 workshops were organized and conducted on corruption issues that are manifested in public institutions with the topic "Integrity - element of corruption prevention", attended by over 800 policemen.</p> <p>Information and awareness raising activities of citizens related to the principles of the phenomenon of corruption were carried out in 8 localities of the Republic of Moldova.</p> <p>The information campaign "Police officers of integrity - protected citizens", jointly with the National Anticorruption Center, aimed at preventing cases of corruption and abuses within the police. During this campaign, 38 training sessions were held on the topic " Rules of integrity in all territorial subdivisions of the police", attended by around 2500 employees.</p>
	<p>5.1.3. Development of electronic finding and record system of traffic offenses in order to reduce the intervention of human factor in this</p>	<p>2018–2020</p>	<p>Regulatory framework adjusted Electronic system developed</p>	<p>Ministry of Internal Affairs (General Police Inspectorate)</p>	<p>The National patrolling inspectorate, has forwarded the information regarding the high risk locations identified in the city of Chisinau, for the installation of video-based traffic monitoring systems , which will contribute to the prevention of road traffic accidents and will increase the responsibility of the participants to traffic, as follows::</p> <ol style="list-style-type: none"> 1. Buiucani city district, Alba-Iulia street, portion of Alba Iulia Street
